Editorial Policy

The Marubeni Group's Integrated Report is meant to serve as a tool for communicating with stakeholders and gaining the trust of greater society. To provide a systematic explanation of the Marubeni Group's initiatives, the Integrated Report cohesively presents the vision for the Marubeni of the future and the strategies for realizing this vision, as well as our commitment to helping resolve social issues through our business activities.

The Integrated Report 2021 puts emphasis on conveying directly the message of management, through the CEO's message and the roundtable discussion with external directors. It also broadens the disclosure of non-financial information such as, for example, starting to disclose information based on TCFD recommendations, as well as reporting on progress made with initiatives and policies related to the materiality of the Marubeni Group.

Reporting Period
