Notice Regarding Revision of the Dividend Forecast and Interim Dividend

Marubeni Corporation (hereinafter, "the Company") hereby announces that the Company resolved, at the Board of Directors' Meeting held today, to revise the dividend forecast for the fiscal year ending March 31, 2023 (from April 1, 2022 to March 31, 2023) and to pay an interim dividend to shareholders of record on September 30, 2022 as follows.

1. Revision of the annual dividend forecast

Regarding dividends for the period of the GC2024 Mid-Term Management Strategy (from April 1, 2022 to March 31, 2025), the Company has adopted the basic policy of maintaining the targeted dividend payout ratio of "25% or more" of consolidated net profit reflecting the principle of linking dividends to the Company's business results for each fiscal year and to announce the minimum annual dividend at the beginning of each year. Also, 60 yen per share is set as the minimum annual dividend for the period of the GC2024 Mid-Term Management Strategy.

As the Company announced Consolidated Financial Results For the Six-Month Period Ended September 30, 2022, the Company revised the forecast for profit attributable to owners of the parent for the fiscal year ending March 31, 2023 to 510.0 billion yen from the previous forecast of 400.0 billion yen. As a result, the Company has revised the annual dividend forecast per share for the fiscal year ending March 31, 2023 to 75.00 yen from the previous forecast of 60.00 yen in accordance with the aforementioned basic policy. In line with this, the Company revised the interim dividend and the year-end dividend forecast per share for the fiscal year ending March 31, 2023 to 37.50 yen from the previous forecast of 30.00 yen, respectively. The revised annual dividend forecast of 75.00 yen per share is set as the minimum for the fiscal year ending March 31, 2023.
